ABOUT

I am a passionate junior front-end developer with a solid foundation in HTML, CSS, JavaScript, ReactJS, and TailwindCSS. I also have a basic understanding of backend development with ExpressJS and MongoDB. I am dedicated to creating responsive and user friendly web applications. Despite my limited professional experience, I am highly motivated and committed to expanding my skills and contributing to web development projects.

SKILLS

- HTML, CSS
- JavaScript
- ReactJS
- TailwindCSS
- SASS (basic)
- UI/UX, AdobeXD
- MongoDB (basic)
- Express (basic)
